## **Coaching Report:-**

What a great way to end the season!!

Both teams played really well with lots of spirit and determination.

The A team won the competition and the B's came fourth which was not a fair reflection of their day bearing in mind the closeness of the games.

At the start of the season we played a very narrow game of rugby, now at the end we are creating phases of play and going wide - a real development and a credit to the boys.

I was really pleased with the attitude with players playing out of position and across the team - we have found a new winger and a new prop.

Next season we will have second rows and a full back plus the ability to kick.

These changes are significant and as coaches we need to think through the best way to introduce these concepts to the boys.

Thanks to all involved - to celebrate the season I would like to suggest a parents and coaches evening on Sunday 25th June at the Bucks Tandoori where we can chat and also enjoy the Elvis night! I have booked a table and can increase numbers if we have a lot of interest so get back to me asap if

you would like to come.
